MEMORANDUM FOR: Director of Communications

SUBJECT: Pouch Cable Procedures [REDACTED]

REFERENCE: Memorandum for DD/P-ESEC from Cable Secretary,
16 August 1955, subject as above

25X1A

25X1A

1. The Cable Secretary has informed us that he wishes to discontinue the [REDACTED] procedure for pouching information copies of cables because of the absence of adequate controls and because of the very small amount of traffic handled by Headquarters.

2. In view of the figures contained in the attached memorandum, we recommend that the existing procedure be revised to permit the continuance of [REDACTED] lateral exchanges in the field and that it be discontinued for traffic to and from Headquarters. Do you concur in this change?
